Complimenting Environmental Management Procedures

ManagelT is Environmental Asset Management Inc.'s solution for compliance and environmental commodities management. Targeted toward NOx and/or SO2 commodity managers, ManagelT provides all essential features to efficiently manage inventories and financials.

SOLUTIONS

EAM solutions are designed to meet the demands of large corporate emissions compliance managers, yet are flexible enough for the small company. Adapting to new and retired programs can present obstacles, obstacles that EAM has overcome. Our products are now equipped to handle ARP, NBP, OTC, CAIRSO2, CAIRNOx and CAIROS on a facility basis!

MANAGEIT

"ManagelT" provides environmental commodity managers the tools to efficiently organize asset inventory for business purposes, such as: preparing for compliance, purchasing and/or selling commodity inventory, managing environmental commodity ownership financials on a Weighted Average Cost (WAC) basis and reporting current inventory status and financial information.

Asset Management

- Import or download EPA account and transaction reports.
- Submit new transactions.
- View, void or reconcile current accounting period transactions.
- Import EPA transactions and assign financial values and ownership. A shortcut to submitting new transactions by hand.
- Open and close accounting periods.

Emissions Management

- Import and view EDRs
- Manage allowance reservations for compliance with EPA requirements.
- Open and close compliance periods
- Set flow control

FERC Reporting

- Create FERC Reports
- Import Withheld Quantities and Auction Proceeds
- Multiple FERC Reports by commodity
- Print FERC reports

Analysis

Query, view and print reports concerning the system's:

- Configuration
- Emissions and consumptions
- EPA accounts, allowances, transactions
- Financial balance
- Inventory
- Transactions

Security

- Create and edit users and groups.
- Assign and remove local rights
- Manage account policies

Configuration

- Expense types
- Financial account types
- Transaction types
- Owner entities
- Asset accounts

SUPPORT

Our customer support department is dedicated to solving any problem and answering any question you have no matter how big or small. The support team has worked with development throughout the testing phase and prepared the help documentation to answer common questions. If support is unable to answer a question, the problem will be escalated to a development head for assistance.

LITTLE DOWNTIME

Email the support department during normal business hours:

Monday through Friday
9AM to 5 PM EST

support@enviroasset.com

Emails received after business hours will be answered on the next business day. Customer support specialists are also on-call for emergencies.

Plan for the future...

PlanIt, an add-on application to Managetl, plans for the future and allows 'What If' scenario analysis

- Start with actual emissions, assets and transactions.
- Create a plan and add future years.
- Analyze the transactions' effect on Weighted Average Cost (WAC), Emissions expense and compliance status!
- Enter hypothetical transactions.
- View and print analysis reports!
- Create multiple plans!
